Rep. Holt met with students and faculty at the Shalom Torah Academy of Western Monmouth in Morganville on Wednesday September 1. The school celebrated the opening ribbon cutting ceremony of their new state-of-the-art computer laboratory which will enhance the Academy's already strong math, science and language arts programs. Rep. Holt toured the school's facilities and met with the school's administration. He also spoke with middle school students about the role of Congress in representational government and the importance of education in our nation's future.
